908.7121 Special materials.

This section covers the purchase of materials peculiar to the DOE program. While purchases of these materials are unclassified, the specific quantities, destination or use may be classified. See appropriate sections of the Classification Guide. Contracting activities shall require authorized contractors to obtain the special materials identified in the following subsections in accordance with the procedures stated therein.

(a) *Heavy water.* The Senior Program Official or designee controls the acquisition and production of heavy water for a given program. Request for orders shall be placed directly with the cognizant Senior Program Official or designee.

(b) *Precious metals.* The DOE Oak Ridge Operations Office is responsible for maintaining the DOE supply of precious metals. These metals are platinum, palladium, iridium, osmium, rhodium, ruthenium, gold and silver. The DOE Oak Ridge Operations Office has assigned management of these metals to Martin Marietta Energy Systems, Inc., MS8207, P.O. Box 2009, Oak Ridge, TN 37831. DOE offices and authorized contractors shall coordinate with the operating contractor regarding the availability of the above metals prior to the purchase of these metals on the open market.

(c) *Lithium.* Lithium is available at no cost other than normal packing, handling, and shipping charges from Oak Ridge. The excess quantities at Oak Ridge are to be considered as the first source of supply prior to procurement of lithium compounds from any other source.
